

LEAP co-authorship network

185 authors with ≥ 3 LEAP papers who co-authored with another of them (7 with no such link omitted); 1139 co-author links, thicker = more joint papers.
From 294 papers; the 8 papers with >30 authors add no links. Names merged on first initial + surname. Labels: top 35 by paper count. Color = domain of most of their papers (keyword rules).
